VOLT
Workforce Solutions

Secure a Job that
Takes You to New Heights

VOLT is hiring for contract openings in San Diego, CA

VOLT is seeking contractors for the following positions:

*Composite Design & Analysis Engineer
Integration Engineer
Mechanical Design Engineer (Pro-E)
Composite Engineering Designer (Pro-E)
Senior Mechanical Engineer*

*Weight & Mass Engineer
Stress Engineer
Electrical Drafter II (Pro-E)
Engineering Designer (Pro-E)
Drafter (Pro-E)*

CALL VOLT TODAY FOR MORE DETAILS!

877.861.8347 - Please reference "San Diego Openings" when calling.

Or you can email your resume to: Aerospacejobs@volt.com ~ Please reference *San Diego* in the subject line

• CANADIAN CONTRACTS •

We are currently recruiting for a number of new and ongoing commercial programs located in:

Toronto & Montreal

All Aerospace Disciplines Are Required, Including:

Designers:	Stress Analysts:	Systems Specialists:	Other:
Structures	Structures (Metallic & Composite)	Avionics / Electrical	Weights / Mass Properties
Installations	Systems Installations	Fly by Wire	Fluid Mechanics
Experimental / Test Rigs	Repairs / Concessions	EMC / HIRF	Methods Planners
Electrical Systems	Static, Fatigue & Damage Tolerance	Flight Controls	Reliability & Maintainability
Mechanical Systems		Landing Gear	Materials & Processes

Good Hourly Rates • Per Diem • Paid Travel • Long Term Contracts

Referral Program • Beneficial Tax Situation • Healthcare Options • Work Permit Assistance

To be considered for these positions, please send an up to date resume to:

aero@tdm.ca

Toronto Area to Add 230,000 Jobs by 2017

The next four years will bring 230,000 new jobs to the Greater Toronto area, according to a new report released today by BMO Economics. Employment expanded by 4 percent in 2013, the strongest single-year performance in 13 years, though the unemployment rate remains elevated at 8 percent.

"Looking ahead, employment growth is expected to pick up again," said Robert Kavcic, senior economist, BMO Capital Markets. "The city will likely see roughly 230,000 jobs created by the end of 2017, pulling the unemployment rate down to 7 percent, or just slightly above pre-recession levels."

Toronto's economy stands to benefit from a weaker Canadian dollar, according to Kavcic.

Bill Wu, BMO's regional vice president of commercial banking in GTA North, noted momentum in the GTA across its broad base of sectors, and particularly among specialized manufacturers with niche markets such as health-sciences, service-based industries and IT companies.

Feds to Use Lottery on H-1Bs After Caps Reached in First Week

Companies hoping to bring in H-1B visa workers this year will have to depend on their luck. U.S. Citizenship and Immigration Services announced today the number of visas requested exceeded the annual caps in the first week. The agency will now hold a lottery to determine who will get the visas.

H-1B visas are used to bring in foreign temporary skilled workers, especially information technology workers. However, the number of visas are capped at 65,000 plus another cap of 20,000 for workers with advanced degrees.

USCIS began accepting H-1B visa petitions on April 1. The 20,000 visas going to advanced degree holders will be selected first in the lottery. Then any H-1B petition for an advanced degree holder will be included in the lottery for the remaining 65,000 H-1Bs.

"Reaching the cap is not surprising given the significant demand many companies are having for some of the unique skill sets that talent from abroad often possesses," said Bryan Peña, vice president, contingent workforce strategies and research, at Staffing Industry Analysts. "This is good news for the industry as a whole as it highlights the growing demand for highly skilled labor and highlights an opportunity for staffing firms to fill the void with domestic talent as needed if H-1B holders aren't available."

Experts had predicted the visas would go fast this year. Last year, USCIS also conducted a lottery for the visas. However, in 2012, the H-1B visa cap wasn't reached until June 11 as demand began to recover from the recession.

* See page column refers to the page number of a display ad with possible further information regarding the job openings and/or related requirements. Where Index is used, there is no display ad for that listing. The address and phone number of the firm with that job can, therefore, be found in the *Index of Contract Firms* in the back of each *C.E. Weekly*. The following feature of *C.E. Weekly* categorizes job openings by discipline. Please keep in mind that *JobLines* represent just a portion of the total number of openings published in this issue. There are many jobs appearing in display ads, which do not appear in *JobLines*.

MANUFACTURING * ELECTRONICS *** AEROSPACE**

FIELD AND OFFICE LOCATIONS: MA / CA / CO / AZ / WI / KS / NC / VA / PA / FL / NH / IL

ELECTROMECH PACKAGING ENGINEER-Developing housing, sheet metal frames, plastics, GD&T, DOD stds, cabling and harness, and some CAD

ELECTRICAL/ELECTRONICS ENGINEER-Circuit design, RF design, calculations, ASIC and FPGA with some software

ELECTRICAL/PC DESIGNER-Must have PC circuit development exp. Must be capable of starting from engrg concepts and work in 2D and 3D environment as well as using software like Pro/E, UG NX, CATIA and SolidWorks for CAD systems

DOCUMENTATION SPECIALIST-EDM, file system (library type) which hold drawings, notes, memos, and various reference materials

MECHANICAL ENGINEER & DESIGNER-Lightweight frames, metal integrity, system interface, tooling and fixture on various CAD systems. Support calculations, analysis, studies, equipment specifications/data sheets

CONTROL ENGINEER-Review and prepare engineering and design calculations and provide design recommendations. Must adhere to applicable codes, standards and procedures. Working with MCC, PLC, LabView and PCB layout for programmable control circuits and drives

PRODUCT & MACHINE DESIGNER-Tooling design, injection molding eqpt, GD&T, detail drawings in 2D and 3D using AutoCAD, Pro/E, UG NX

PROJECT MANAGERS-PMP cert and PMI trained - Nationwide

INSPECTOR-CMM-Use of caliper, optical comparators, able to read blueprint and some working knowledge of CAD

PLANNERS/SCHEDULER-Some Primavera products, SAP and MS Project being the primary tool used. Command and control of schedule, development, maintenance, and manufacturing process

TECHNICAL WRITERS-Systems and procedures knowledge who can read modifications, complete tech review, assess impact and necessity for procedural changes or updates

MANUFACTURING ENGINEER-Plan, direct and coordinate all production process from concept thru finished product

QUALITY ASSURANCE ENGINEER-QA/QC procurement activities during the execution of a major project. Implement programs to oversee and monitor progress and success during the execution of the project using ISO 9000 and other standards

TECHNICAL ILLUSTRATORS-Design, develop and coordinate IPBs, manuals and brochures using graphic design, exploded views and various CAD software

INDUSTRIAL ENGINEER-Study product quality, production process, time and materials, equipment use, cost savings and coordinate supply chain activities

ELECTRONIC TEST TECHNICIAN-Test, troubleshoot and build systems, PCB, ICs all the way down to component level using VTVM, oscilloscopes and various test equipment

PRODUCTION CONTROL SPECIALIST-Control the movement of parts, assemblies and materials thru the total manufacturing process. Interface with buying, purchasing and the entire supply chain system

16. **ENGRG PROFESSIONAL** - Avionics Systems Integrator
17. **MECHANICAL SYSTEMS ENGINEER** - High lift

All positions are in Eastern Canada and will require aircraft exp. CATIA V5 is a definite asset.

Please specify the position when applying and email your resume and presentation letter to:
info@atddesign.ca

Thank you for applying at ATD Design Services
Please note that only applicants selected for interviews will be contacted

INCONEN

CONTRACT / TEMPORARY SERVICES

Openings in Savannah, GA

AIRCRAFT PERFORMANCE ENGINEERS

Thorough understanding of fixed wing aerodynamics, propulsion and performance. Solid understanding of airplane flight characteristics, first principles analyses and performance methods.

ELECTRICAL HARNESS ENGINEERS

Develop secondary structure, equipment and racks/panels to support the installation of electrical components. Have a working knowledge of Electrical Wiring Interconnect System (EWIS).

FLIGHT DYNAMICS ENGINEERS

Experience in augmented air vehicle control system modeling, design and analysis. Knowledge of stability and control, and application of handling qualities criteria to control system design. Experience with 14 CFR Part 25 certification, especially of an airplane with a fly-by-wire control system. MatLab and Simulink fluency required.

STRUCTURAL ANALYSIS ENGINEERS

Stress and fatigue analysis to support design and write certification reports for a new aircraft program. Analysis may include primary airframe structure, secondary airframe structure, systems stress analysis and fatigue and damage tolerance analysis. Perform stress and fatigue analysis, approve drawings for structural integrity and compliance to the FARs in a timely manner. Document stress analyses in yellow sheet report system for each drawing. As required, document analyses in formal reports for FAA approval.

DERs

Stress - Structures - Electrical - Avionics

SUBSCRIBER SERVICES

Hot Sheet of Available Contractors:

For unemployed subscribers (or those with layoff notices). We email your name, address, phone, email address, a link to your online resume, and job classification(s) to our advertising contract staffing firms.

Online Profile:

Every day, recruiters perform hundreds of searches of our resume database, usually locating multiple resumes that match their keyword search. Often subscribers have certain requirements that do not generally appear on their resumes. For example: Are you currently available, or are you working now and won't be available for a couple of months? ... What is the minimum rate you will accept? ... etc. Your personal profile allows you to make that information available to recruiters. It is critical that you keep your profile very current ... especially the status of your availability. This service is only as effective for you as the effort you devote to it.

My JobTracker:

Track your saved jobs and any follow-ups you've made to recruiters. All records in one place for your job searches, responses, and notes about the assignment. Our latest subscriber service ... and one of the most valuable!

EZjobs:

Subscribers can receive each day's new job postings for openings that match their pre-set keywords. Those listings will be emailed to you stating the name of the recruiting firm, contact information, and all the data we have about each job.

Resume Email Forwarding History:

Subscribers can track their resume forwarding history to see when and to whom their resume has been emailed from our website. This service tracks resumes sent by: job searches using E-Resume, individual resumes sent to any of our advertisers, and updated resume distribution.

Resume View Notification:

Every time your resume is viewed, downloaded or printed by a contract staffing firm ... we immediately email you a notification. Included in the email is the name of the firm, the recruiter's name (if known), keywords that the recruiter used to find your resume, and contact information. Keep in mind that we must have your current email address on file in order for you to participate in this service. Here, too, you may opt out this service if you choose.

Mail Forwarding Service:

You can have a permanent (or forwarding) address to guarantee yourself of constantly receiving your mail. If you are interested in using this service, contact our office for details. Email staff@cjhunter.com or call (425) 806-5200. Please Note: you must be a user of our Mail Forwarding Service if you put our address on your resume for contact information. Cost: \$10/month, charged to your account at the beginning of the month. If no mail is forwarded, this charge is refunded to your account at the end of the month. As long as you have a mail forwarding account active, you will be charged for the service only if we actually forward your mail at least once during a calendar month.

Free Email Account:

If you are a *ContractJobHunter* or *Contract Employment Weekly* subscriber who uses email a lot ... this subscriber service will probably be of interest to you. This service is free, as long as you keep your subscription current. Restrictions: Any single document (either sent or received) cannot exceed 500K in size; the total amount of space allotted to any subscriber is 5 megabytes; you may select your own personal email address. We suggest using your name (Example: john.doe@members.cjhunter.com).

Discussion Forums:

Subscribers can leave messages and questions for other subscribers on this board. Discussed subjects have included: Insurance for contractors ... overtime on full rate ... job locations ... pre-employment drug testing ... and lots of contractors looking for old friends.

Aerospace News – General Dynamics may withdraw from AMPV bid-Mobility requirements for the Army's Armored Multi-Purpose Vehicle would have to change for General Dynamics to compete for that project, the company has said, or the Army would need to provide enough technical information for General Dynamics to create a design. Failing one of those two changes, General Dynamics Land Systems will pull out of the project, leaving BAE Systems as the only bidder. "We know how to build vehicles, we want to compete on this, we simply don't have all the information ... so we cannot compete," said General Dynamics

spokesman Peter Keating ... **Lockheed sees upswing in federal contracts**-Lockheed Martin brought in \$44.1 billion more in federal contracts in 2013, up from \$38 billion a year earlier, an increase led by a jump in Navy orders for the F-35 fighter jet. The company earlier predicted contract levels would be bolstered by a backlog of work that was unaffected by budget cuts ...

Textron rebrands simulations units under single group-Textron's three training and simulations businesses will work together under a new name, TRU Simulation + Training Inc., but will grow their operations separately. The group, with about \$100 million in revenue, is made up of two simulations companies Textron bought last year plus its own existing business, and it serves both civilian and military markets. The training and simulation sector is a growing part of the aviation field ...

U.S. Air Force prioritizes F-35s, Reaper drones in \$8B list-The U.S. Air Force has sent an \$8 billion unfunded priority list to Congress, including more than \$3.3 billion for new procurement programs. The list also includes funds for Lockheed Martin F-35 joint strike fighters and General Atomics MQ-9 Reaper drones. Meanwhile, the Air National Guard also submitted a \$2.6 billion unfunded priority list ...

3 UK Companies To Support Army Protected Mobility Vehicles-Three British defense companies have secured a deal to support and sustain nearly half of the 2,000 protected mobility vehicles purchased for the war in Afghanistan and now being brought permanently into the Army's core equipment program. A team led by Morgan Advanced Materials and including subcontractors Ricardo and Ultra Electronics has been selected by Britain's Defence Ministry to undertake post-design services on about 685 Cougar-based mine-resistant ambush-protected (MRAP) vehicles purchased from Force Protection, sources here said. The deal covers the six-wheel and four-wheel-drive versions of Cougars, known respectively in Britain as the Mastiff and Ridgback, along with the Wolfhound protected truck variant ...

Boeing COO: Closing Ex-Im bank risks U.S. jobs- Boeing said a plan to shutter the U.S. Export-Import Bank would put U.S. jobs at risk. "Without it, U.S. exporters would be at an even greater disadvantage in global markets than they find themselves in today," said Dennis Muilenburg, COO of Boeing. "Discarding this important tool for U.S. companies would amount to unilateral disarmament."

Some jobs advertised in *C.E. Weekly* are for upcoming or anticipated openings, or may be filled before you respond to the advertiser. Please notify us if you find a firm advertising upcoming positions as "Immediate." **For member online access, please contact our office for a UserID and Password.**

Contract Employment Weekly (ISSN 1063-9268) ©Copyright 2014 C.E. Publications, Inc. Published every Wednesday. Most job openings are for short or long term contract (temporary) assignments. There should never be a fee to apply for or accept any of the jobs published in *C.E. Weekly*. Direct (captive) positions advertised must meet the following criteria: (1) be for a position with the advertiser's client (unless it is for recruiting related staff); and (2) must be identified as "direct." If you wish to apply for any position advertised, send a copy of your current resume to the advertising firm, not to C.E. Publications. *C.E. Publications* is not intended as a legal reference. Any specific problem should be referred to your attorney or accountant. All material submitted to C.E. Publications is subject to acceptance by the publisher. Advertisers, authors and cartoonists agree to indemnify the publisher from any claims or lawsuits for libel, violation of rights, copyright infringement or other suits predicated on the content of copy submitted. No part of this publication may be reproduced or transmitted in any form by any means, electronic or mechanical, including photocopying, recording or by any information storage retrieval system, without written permission from the publisher. All returned checks subject to \$5 handling fee. We reserve the right to refuse services to anyone. Services subject to change. Membership must be current to use our services. Sorry, no refunds.

Online Resume Database

Subscribers can upload, edit, and view their resumes in our online database. Both text and formatted resumes can be stored, as well as an Online Profile. Your resume is then available to *ContractJobHunter* and *C.E. Weekly* advertisers, along with the most recent 10 weeks' Hot Sheets. Contract staffing firms' recruiters can search resumes by keyword(s), location, or entry date and instantly view, print or download them.

Remember to keep your online resume(s) current

There are several methods that subscribers can use to enter their resume into the online database:

1. Upload your Word/WordPerfect resume at our website. (no charge)
2. Enter your text resume at our website. (no charge)
3. Email your resume to: staff@cjhunter.com (no charge)
4. Mail us your resume on CD or other digital media (no charge)
5. Submit a scannable resume to us (\$5 per page)
6. C.E. inputs 1-2 job updates to your existing online resume (\$10)

AIRCRAFT ENGINEERING & DESIGN

Connecticut ... Human Factors Engineer (39309) - Analyze contract reqts and work with team to identify compliance approaches to requirements. Write test plans for human factors requirements (lighting, egress, workload, reach and accommodation) and coordinate with other disciplines on test activities. Prepare and write test reports documenting results for submittal to the FAA and customer. Must have experience with aircraft

Ground Test Engineer (36218) - Responsible for full scale fatigue and static evaluations of dynamic components, main and tail rotor whirl tests, airframe static tests, airframe shake tests, dynamic stability, component testing, and the evaluation of aircraft system level performance prior to flight

Florida ... Ground Test Engineer (39328) - Take ownership of final demonstration and release of all ATPs needed to support flight test operations. Organized, hands-on, self motivated with experience with aircraft hardware required. Also, close coordination between ground test and flight test will be needed to ensure all required on-aircraft inspections and operating limitations are accurately documented, coordinated, and executed to minimize impact to flight test programs. Knowledge of all aspects of ground testing of helicopter components and systems as well as application of mechanical/aerospace engineering disciplines to a wide variety of technical problems required.
